Concealed Carry/Self-Defense Comprehensive Coverage Package

Criminal Defense Legal Fee Payments

- Yearly membership in a Concealed Carry Organization pays for ANY legal fees relating to the lawful possession of a firearm – concealed or not (including getting your gun confiscated by authorities).
- Can be an individual or joint-spouse membership. Yearly fees start at \$129/year and longer term memberships are even cheaper!
- If you are involved in a Self-Defense shooting, it cannot have been done in a criminal manner for legal fees to be covered (example: if you shoot someone on purpose, not in self-defense, you would not have your legal fees paid for you).
- You simply call the 24hr hotline, inform them of the circumstances and they hire and pay for your attorney all the way through trial if necessary – there is no maximum limit on legal fees paid for you.

Civil Suit Protection

- We will use one of our Preferred Insurance Companies and rewrite your insurance package to include coverage for you and/or family members living in your home for self-defense incidents.
 - ✓ Limits range from \$1,000,000 - \$5,000,000.
 - ✓ Provides protection against civil suits arising out of protection of person or property.
- **MUST** have one of these policies in force with our insurance carrier to add the Self-Defense coverage:
 - ✓ Home
 - ✓ Auto
- The insurance package adds a Personal Umbrella that covers your home, autos, ATV's, etc. as excess liability AND it becomes the primary policy when relating to a self-defense shooting.
- **This is a MUST-HAVE if you carry!**
